

ABET LAMINATI

STRATIFICATO
PRINT HPL
SOLID IDENTITY

 Lo Stratificato Print HPL è un materiale di eccellente qualità per le sue potenzialità funzionali ed estetiche.

Ideale per tutte le applicazioni, dove sia necessario abbinare resistenza e design, lo Stratificato Print HPL, disponibile in varie tipologie, è il materiale qualitativamente più affidabile ed il più ricco di funzionalità estetiche per la costruzione di sistemi d'arredo autoportanti.

ABET LAMINATI, azienda leader nella qualità e nell'innovazione, produce lo Stratificato Print HPL in presse di grandi dimensioni, al fine di offrire il laminato in vari formati, per ottimizzare sfridi e costi. È disponibile in una ricca gamma di colori e decori che attingono dalla continua e costante ricerca che l'azienda opera con il mondo del design.

Lo Stratificato Print HPL mantiene inalterate le sue caratteristiche estetiche e prestazionali per l'intero ciclo di vita.

 Stratificato Print HPL is a material that offers excellent qualities, both functional and aesthetic.

Ideal for all applications where strength and design need to be combined, Stratificato Print HPL, which can be supplied in many production grades, is the most qualitatively reliable material and the most extensive aesthetic potential for building self supporting furniture. ABET LAMINATI, market leader both in quality and innovation, manufactures Stratificato Print HPL in large presses so as to offer the sheets in various sizes, optimising with minimal off-cuts, reducing wastage and cost. It is available in a wide range of colours and design as a result of ABET LAMINATI'S deep synergy with the world of design. Stratificato Print HPL maintains its aesthetic and performance characteristics for the entirety of its life cycle.

 Stratificato Print HPL est un matériau doté d'excellentes qualités, tant fonctionnelles qu'esthétiques.

Idéal pour les applications devant concilier robustesse et design, Stratificato Print HPL se décline en plusieurs qualités de production et offre des possibilités esthétiques inégalées pour la construction de mobilier autoportant. ABET LAMINATI, leader du marché en termes de qualité et d'innovation, produit Stratificato Print HPL dans de grandes presses permettant la réalisation optimisée de différents formats avec un minimum de chutes. Résultat : moins de déchets et moins de coûts. Ce stratifié est disponible dans une large palette de coloris et de décors, fruit de notre étroite collaboration avec le monde du design. Stratificato Print HPL conserve ses caractéristiques esthétiques et fonctionnelles tout au long de sa durée de vie.

 Stratificato Print HPL ist ein Material, das ausgezeichnete Qualitäten bietet, sowohl funktionell als auch ästhetisch. Für alle Anwendungen, in denen Stärke und Design kombiniert werden müssen, ist

Stratificato Print HPL, das in vielen Produktvarianten geliefert werden kann, ein qualitativ hochwertiges und zuverlässiges Material, das mit seinem umfangreichen ästhetischen Potential bestens geeignet ist für den Möbelbau. ABET LAMINATI, Marktführer in Qualität und Innovation, produziert Stratificato Print HPL in großen Pressen, um die Platten in verschiedenen Abmessungen anbieten zu können, welches durch die Optimierung des Verschnitts, Abfall und Kosten reduziert.

Es ist außerdem in einer breiten Palette von Farben und Designs verfügbar, Resultat der Zusammenarbeit mit der Welt des Designs. Stratificato Print HPL behält sowohl seine ästhetischen als auch qualitativen Merkmale über seinen gesamten Lebenszyklus.

 El Stratificato Print HPL es un material de excelente calidad por sus potencialidades funcionales y estéticas. Ideal para todas las aplicaciones en las que sea necesario combinar resistencia y diseño, el

Stratificato Print HPL, que está disponible en varios tipos, es el material más fiable cualitativamente y el que tiene más potencialidades estéticas para la construcción de sistemas de decoración autoportantes. ABET LAMINATI empresa líder en calidad e innovación, produce el Stratificato Print HPL en prensas de grandes dimensiones a fin de ofrecer el laminado en varios formatos, para optimizar los recortes y los costes. Asimismo está disponible en una amplia gama de colores y decorativos que se inspiran en la continua y constante investigación que esta empresa lleva a cabo con el mundo del diseño. El Stratificato Print HPL mantiene inalteradas sus características estéticas y de prestaciones durante todo el ciclo de vida.

 Stratificato Print HPL is een materiaal dat zowel functioneel als esthetisch uitstekende kwaliteiten te bieden heeft. Het is ideaal voor alle toepassingen die stevigheid en design in zich moeten verenigen, het kan in tal van productvarianten geleverd worden. Het is een kwalitatief hoogstaand, solide materiaal en het heeft het ruimste esthetische potentieel voor het vervaardigen van robuust meubilair. ABET LAMINATI, dat zowel kwalitatief als innovatief marktleider is, produceert Stratificato Print HPL in grote persen en kan de platen op die manier aanbieden in verschillende afmetingen. Zo optimaliseert het bedrijf het product met een minimum aan zaagverlies, dus met minder afval en met minder kosten. Het product is tevens beschikbaar in een ruim gamma kleuren en dessins, dat het resultaat is van de diepgaande synergie die het bedrijf via prominente designers en architecten tot stand heeft gebracht met de wereld van het design. Stratificato Print HPL behoudt gedurende zijn hele levensduur zijn esthetische en functionele eigenschappen.

 Lo Stratificato Print HPL è producibile in oltre 500 DECORI, 30 FINITURE superficiali differenti, 8 diversi FORMATI e in SPESSORI da 2 a 30 mm, a seconda della tipologia.

 Stratificato Print HPL is manufactured in more than 500 COLOURS, 30 different FINISHES, 8 SIZES and THICKNESSES from 2 to 30 mm, depending on typology.

 Stratificato Print HPL est fabriqué en plus de 500 DÉCORS, 30 FINITIONS de surface différentes, 8 FORMATS de panneau et en ÉPAISSEURS de 2 à 30 mm, selon le type de produit.
